thing to lowa Progressives. Of course, there is a Roosevelt explanation. Here it to be contemplated. It took Fielding exactly New York is: Mr. Taft was responsible; that is, Mr. fifty days of foul weather. Taft's man Griscom He suggested a formal call to be made in New York; the President changed his plan and Mr. Roosevelt made the purely formal call in Connecticut. The call was purely formal. It was not in any sense a repudiation of the attitude toward the President that Mr. A belongs to Taft and the "wicked" Griscom, but the bad judgment, that was Mr. Another explanation derived from

of the Payne tariff plank. Mr. Roosevelt could not help it. There he was alone in a convention controlled by Payne himself and Depew. Actually in Iowa, thanks to the Roosevelt letters and explanations sent here, Payne and Depew appear as giants at Saratoga. There also were the solid array of Taft officeholders and the do nothing; he was lucky, almost a hero, to get the direct primary plank, "which, of course, means little to us in Iowa." But, honest as his purpose was, sincere as his fight was, "Mr. Roosevelt made a mistake, ah, yes! for us a dreadful mis take, in going to Seratoga at all." This last amounts to a formula

Such explanations as the foregoing fall far short of satisfying all the Progressives. They excite decision in many \$1 short. gressive organ, the Des Moines Register

### Dangers of the Streets.

make the autos go on the side of the street where passengers do not get on or off the street cars: This would save nerves and possibly human life. PHILADELPHIA, October 15.

From the London Chronicle For the student of English literature Lisbon great, possibly permanent in its effect upon Mr Roosevelt's forces for Progressive usefulness in the middle West.

Smaller Roosevelt certainly for lows came

has an interest which is unaffected by the fall of any particular dynasty. He remembers that Lisbon contains the grave of Henry Fielding. It was on October 5, 1784, that Fielding died in the out of the Saratoga convention.

The very multiplicity of things done in New York that need careful expianation of In Iowa is interesting. That excursion of Mr. Roosevelt's across the raging Sound and the way approach nearer and need the results of the saratoga convention.

The basic mathematical principle of the basic mathematical principle of equity was ignored in the physical conception of economies to be effected by convents, churches, &c. are large. he wrote, centralizing the plants for the owning corporation and them to want every kind of convents. ned them to want every kind of ornament, all

Writing from German Africa, a tourist says We found here in the dense forest, among people who know nothing of modern scientific discoveries, a good and practical wireless telephone. The natives have for the purposes of ceremony. Roosevelt had displayed in Iowa. But it was a mistake in judgment. The blame belongs to Taft and the "wicked" Griss belongs to Taft and the "wicked" Griss the ceremonies the drums are used also as a means of communication. We had a proof of it one day. Our caravan was ready to start when our head servant stopped suddenly in this work, listened that is, that they shall not do foolish things. intently, and then gave unmistakable signs of pleasure. We learned later that the indistinct sounds conveyed to him the news that a boy had been born to his brother in a neighboring village.

### A Strict Dramatic Censor

From the London Chroniele Vienna once possessed the strictest dramatic the above three remedies will fend to call published a manual for the guidance of censors, ever "wicked" Griscom, "who was a Taft man before he was a Roosevelt man." Really the Hon. Lloyd C. Griscom ought to come out to Iowa and see his portrait.

Against such odds Mr. Roosevelt contains the light of the real is such odds Mr. Roosevelt contains the light of the light Against such odds Mr. Roosevelt could as instance of a play waich he refused to pass issue. There must be a physical read because the author made the hero, Count Valde- ment of our population, with demar, marry a gardener's daughter. Such mis-sillances have unfortunately been known to Conservation is a dream and will remove occur in real life, but that is no reason why they so until the proportion of people in agree should be allowed on the stage. " he said

> The basic mathematical principle of

to our disadvantage in case of the necessity arising for the importation of foodstuffs. There are three remedies which suggest themselves and which it seems must First, the "long and short haul clause" should

be eliminated and a setentific statute with refe ence to rate making be enacted. Such a statute the bankers of this country must

the indistinct doned and a policy adopted which will force a that a boy had return to the farms of many persons who have

been engaged in manufacturing goods which eign production

ture and forestry has been increased a point where there will be help enough more than raise the crops and carry the to market. There must be enough spare day at the American League Park and to day at the Polo Grounds the ficket agent gave me short the country. The first effort should be change. In each case I gave him a ten dottar in territory contiguous to urban population. in territory contiguous to urban popula: The country cannot afford to continue I short.

I am quite sure this was not a coincidence, and am curious to know if others have had the same draft of labor from the agricultural conmunities,

NEW YORK, October 15.

Boss-I don't want a man who watches the clock. Clerk-I know it is apt to be slow, I alway! look at my watch,
